Creative, Innovative & Passionate

Testimonial

"Applying to Banking Leadership Missouri was an excellent choice in my career development. From learning more about leadership skills and the Missouri banking climate to enjoyable networking events, I could not have asked for a better experience. The relationships I gained in Banking Leadership Missouri, both with peers from across the state and MBA staff, will benefit me greatly in my banking career. I encourage any banker interested in growth to consider joining the program."

About the Program

The Missouri Bankers Association's Banking Leadership Missouri program is designed to actively enhance the leadership, organizational and performance skills of highly motivated mid- to upper-level bankers. The program establishes a network of future bank leaders who understand and can respond to local and national issues affecting the banking industry and their communities. The 12-month program is practical, hard-hitting and quality driven.

We will focus on developing a solid understanding of the banking industry and the skills necessary for leadership that participants can put into practice immediately. A class of up to 25 Missouri bankers is selected to participate.

Who Should Apply

This leadership program is for high-potential bankers who have or are preparing to take on broader responsibilities, bankers who have experienced or will soon undergo the transition from a functional to a general management role, or bankers who have potential for senior management.

Testimonial

"The Banking Leadership Missouri experience was a great opportunity for me professionally. In addition to session content, the ability to build a close professional relationship with 20 other bankers in the state is an invaluable resource that I have carried with me throughout my banking career. Banking Leadership Missouri is a 'must-do' for young Missouri bankers seeking leadership opportunities, which is why our bank identifies a banker to participate in the program nearly every session."
